DESCRIPTION

The SoftFinish SB362 T15 reduces strain on wrists and muscles during manual fastening: the ergonomically shaped handle transfers hand force to the screw efficiently, and is recommended by doctors and therapists of the German Campaign for Healthier Backs (AGR). Roll-off protection and the screw symbol on the handle end support efficient working. The matt chrome-plated CrVMo steel blade delivers long service life.

BENEFITS

- AGR-recommended SoftFinish handle for healthy, low-fatigue work
- Handle size concept matched to the fastening task - slender for small screws, large-volume for greater torques
- Roll-off protection prevents the tool from rolling away on the workbench
- Matt chrome-plated CrVMo steel - durable and wear-resistant
- SB card packaging - clear and space-saving on the shelf
