

Water Pump Pliers Classic Box Type 250 mm - Wiha 27381

Item no.	WH-27381	Manufacturer	Wiha
Manufacturer no.	Z21025001SB	EAN	4010995273811

The Wiha Classic water pump pliers with box type joint offer 9-level gradation for fast, flexible adjustment of the gripping width up to 50 mm. Self-clamping on pipes and nuts prevents slipping, while the box joint provides exceptional stability through double guidance. Designed for installation work involving pipes, angular profiles and hexagon nuts in a wide range of dimensions.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Execution	TEC
HS-Code	82032000
Weight	0.39 kg

STANDARDS & COMPLIANCE

ESD safe **DIN ISO 8976**

DESCRIPTION

Installation work in plumbing and heating regularly involves pipes, nuts and angular workpieces of varying sizes that must be gripped and held securely. The box type joint of the Wiha Classic water pump pliers delivers maximum stability through double guidance, while the slim head profile maintains access even in confined areas.

Benefits

- 9-level gradation for flexible adjustment of gripping width up to 50 mm
- Box type joint for highest stability through double guidance
- Self-clamping on pipes and nuts prevents slipping off the workpiece
- Integrated clamping protection prevents crushing injuries
- Anti-slip plastic handles for a secure grip even in oily or wet conditions
- Specially hardened teeth maintain reliable gripping performance over years of use

Technical data

- Overall length: 250 mm (10")
- Spanner size: 50 mm
- Pipe diameter: up to 2"
- Dimensions: 100 x 100 x 27 mm (L x W x D)

Applications

For gripping and holding pipes, angular profiles and hexagon nuts in installation work. Suitable for turning, pulling, gripping and tightening screws and nuts. Made in Germany. Standard: DIN ISO 8976.
