STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Treston V-4-4ESD is an ESD cross divider for internally subdividing small drawers. Made from dissipative material, it protects electrostatically sensitive components while creating clearly separated compartments.

FEATURES

- Cross-mounted divider
- ESD-dissipative design
- Fits the L-64-4ESD drawer
- Maximum of 5 per drawer
- Tool-free installation

USE

Ideal for organised, ESD-safe storage of small parts in electronics manufacturing and assembly.
