

WB workbench with cable tray, 1800x800 mm, electrically height-adjustable - Treston WB818 EL

Item no. TR-WB818 EL

Manufacturer Treston

Electrically height-adjustable WB workbench with integrated cable tray. The electric motor sets the height steplessly from 700 to 1100 mm. Rated up to 200 kg for ergonomic shift work.

TECHNICAL DATA

Country of Manufacture **Finland**

HS-Code **94032080**

Weight **66 kg**

DESCRIPTION

The Treston WB818 EL is a sturdy WB-series workbench with convenient electric height adjustment. At the touch of a button the bench switches between seated and standing height, significantly improving ergonomics at shared workstations.

TECHNICAL DATA

Feature	Value
Width x depth	1800 x 800 mm
Height adjustment	electric motor, 700 to 1100 mm
Load capacity	max. 200 kg
