

Manual dispenser for 10 cm³ syringe barrels, high-viscosity - Nordson EFD 7023596

Item no. WL11776

Manufacturer Nordson EFD

The HPD manual dispenser drives material from a 10 cm³ syringe barrel by hand and handles high-viscosity media such as greases and paste adhesives. The lever mechanism raises the dispensing force without an air supply. The syringe barrel and piston are not included.

TECHNICAL DATA

Weight 0.1 kg

DESCRIPTION

The HPD manual dispenser drives material from a 10 cm³ syringe barrel through a lever mechanism, giving enough force to handle high-viscosity media without an air supply.

- For 10 cm³ syringe barrels
- Also suited to high-viscosity media such as greases and paste adhesives
- Lever mechanism for high dispensing force, no air line required

TECHNICAL DATA

Model	HPD10K / 7023596
Manufacturer	Nordson EFD
Manufacturer part no.	7023596
Barrel size	10 cm ³
Media	including high-viscosity
Scope of delivery	plunger without syringe barrel and piston

Suited to manual dispensing of high-viscosity adhesives, greases and pastes. Fits Nordson EFD 10 cm³ syringe barrels with the matching piston and dispensing needle.
