

Extraction hose DN 50 antistatic, sold by the metre without end piece - ULT 6-06757

Item no. WL18061

Manufacturer ULT

Extraction runs you assemble yourself need hose cut to length rather than fixed sets. This antistatic hose with a 50 mm tube diameter is supplied by the metre and without an end piece, so capture funnels or nozzles can be fitted as required. It suits the ULT WSA-5LR, WSA-10LR and WSA-20LR extraction arms.

TECHNICAL DATA

Weight 0.1 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

When the arm, the capture element and the unit are not at standard spacing, hose by the metre is simpler than a fixed length. This black DN 50 extraction hose is charged per metre and delivered without an end piece, so the assembly is made on site.

BENEFITS

- Sold per metre for an exact fit in ceiling, wall and bench installations
- 50 mm tube diameter matching the ULT capture elements of the WSA series
- Antistatic construction that prevents charge build-up when conveying dry dust
- Flexible routing with a reach of up to 1,000 mm per section

TECHNICAL DATA

Item number	WL18061
Model	06.1.017
Manufacturer	ULT
Manufacturer item number	6-06757
Order unit	m

Colour	black
Tube diameter	50 mm
Range	1,000 mm
Mounting	ceiling, bench and wall mounting
Device series	WSA-5LR, WSA-10LR, WSA-20LR
ESD safe	no

APPLICATIONS

Building and rebuilding capture runs at soldering benches, laser stations and manual workplaces, and replacing damaged hose sections in existing installations.

COMPATIBILITY AND SCOPE OF DELIVERY

Delivery covers the hose itself in the ordered length, without end piece and without brackets. Matching capture elements, clamps and extraction arms from the ULT WSA-5LR, WSA-10LR and WSA-20LR series are available separately. The item is antistatic but is not declared ESD safe by the manufacturer.
