TECHNICAL DATA

Weight 0.1 kg

DESCRIPTION

- Material: High performance steel alloy
- High gloss polished
- Individually controlled machine grinding guarantees cutting angle accuracy; increases resistance and durability
- Precision induction hardened cutting edges 63-65 Hrc
- Connecting screw that minimizes friction and increases cutting accuracy
- Synthetic handles with opening spring
- Max. cutting capacity: copper wire

PRODUCT DETAILS

item number	WL18279
model	2646K
manufacturer	BAHCO
manufacturer item number	2646 K
length	110 mm
order unit	piece
Cut form	large bevel
head width	10 mm
ESD safe	no
VDE	no
tool length	110 mm
type of side cutter	side cutter
