DESCRIPTION

During desoldering the glass tube must sit securely and tightly in the desoldering iron so suction power is maintained. This holder seats the glass tube in the JBC desoldering irons DR5570, DR5600 and DR5650 and is designed as a wear and replacement part.

BENEFITS

- Exact fit for the glass tube of the DR5570/DR5600/DR5650 desoldering irons
- Maintains full suction power during desoldering through a tight seat
- Direct replacement as a wear part without special tools
