

Quick-Lift holding film for ESD floor covering, roll 0.8 m x 25 m, easy lift - Warmbier WL19649

Item no. WL19649

Manufacturer Warmbier

Double-sided adhesive special fabric film for the loose laying of ESD floor coverings using lift-up technique. The roll is 0.8 m wide and 25 m long and holds the covering securely while allowing easy recovery.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Sales unit	Rolle 25 m
Weight	0.1 kg
Width	800

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

Quick-Lift holding film secures ESD floor coverings to the substrate inside an EPA and lets you lift them again when required. The double-sided adhesive-coated special fabric is designed for loose laying using the lift-up technique.

BENEFITS

- Double-sided adhesive-coated special fabric for laying in lift-up technique
- Built-in predetermined breaking point for controlled recovery
- Strongly adhesive top side for secure fixing of the covering
- Weaker adhesive underside for easy release
- Prevents waves, bumps and blistering

TECHNICAL DATA

- Model: 1280.DT200
- Width: 800 mm (0.8 m)
- Length: 25 m
- Selling unit: roll
