

ESD anti-fatigue mat Ecostat swivel comfort, burled, black, 950 x 650 x 13 mm - Warmbier WL20429

Item no. WL20429

Manufacturer Warmbier

Dissipative ESD anti-fatigue mat in PUR integral foam for standing workplaces. Soft-elastic burled surface relieves muscles and joints, fire class B1.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Depth	950
Height	13
Norm	IEC 61340-5-1, DIN 4102 B1
Sales unit	1 Stück
Weight	0.1 kg
Width	650

STANDARDS & COMPLIANCE

ESD safe **IEC 61340-5-1** **DIN 4102**

DESCRIPTION

The Ecostat swivel comfort is a dissipative ESD anti-fatigue mat for standing workplaces in the EPA on hard floors. The PUR integral foam provides soft-elastic cushioning that relieves muscles and joints, while electrostatic charges are conducted away in a controlled way.

BENEFITS

- Dissipative PUR integral foam with grounding point
- Ergonomic, soft-elastic cushioning for comfortable standing
- Burled surface, impact- and slip-resistant
- Heat- and impact-sound insulating, fire class B1
- Flat tapered edges, improved swivel properties

TECHNICAL DATA

- Material: dissipative PUR integral foam
- Dimensions: 950 x 650 x 13 mm
- Colour: black
- Surface: burled structure, burl diameter 14 mm

- Typical resistance to ground: 10^6 to 10^8 ohm
- Connection: 2 x 10 mm snap
- Fire class: B1

APPLICATION

For ESD standing workplaces in production, assembly and test areas on hard subfloors.

STANDARDS AND COMPLIANCE

Dissipative to IEC 61340-5-1, flame-retardant to fire class B1 (DIN 4102 B1).
