

Infrared preheating plate 1200 W with Easy Fix PCB holders - Weller WHP-3000

Item no. WL22099

Manufacturer Weller

WHP-3000 infrared preheating plate with 1200 W and 6 high-temperature radiators for fast, even PCB preheating. Digital control from 50 to 400°C, heated area 190 x 245 mm, supplied with two Easy Fix holders.

TECHNICAL DATA

Country of Manufacture	Germany
HS-Code	85151990000
Weight	0.1 kg

DESCRIPTION

The WHP-3000 is a 1200 W infrared preheating plate that brings PCBs evenly up to temperature before soldering or rework. Six infrared high-temperature radiators and digital control electronics deliver fast, controlled preheating across 50 to 400°C.

KEY BENEFITS

- 6 infrared high-temperature radiators for fast, effective heating
- Digital control electronics with target and actual temperature display
- Heated area 190 x 245 mm for common PCB sizes
- 2 Easy Fix PCB holders for secure fixturing
- WX compatible

TECHNICAL DATA

Model	WHP-3000 / 1200 Watt
Manufacturer item no.	T0053364699N
Power	1200 W
Voltage	230 V
Temperature range	50-400°C / 150-750°F
Heated area	190 x 245 mm

Dimensions (LxWxH)

254 x 395 x 70 mm

Scope of delivery

2 Easy Fix PCB holders

APPLICATIONS

- Preheating PCBs before soldering and rework
- Reducing thermal stress on multilayer or high-ground-plane boards

COMPATIBILITY & SCOPE OF DELIVERY

WX compatible. Scope of delivery: WHP-3000 infrared preheating plate and 2 Easy Fix PCB holders.

Made in Germany. RoHS compliant.
