Manufacturer Ideal

Stripping tool for ring cables, for diameters up to 3 mm

TECHNICAL DATA

Colour	Blue
Weight	0.1 kg

DESCRIPTION

Precision stripping for a variety of non-round shielded cables and other outer sheaths, including extruded PTFE insulation.

- The spring-loaded head holds the cable with exactly the same tension, so that no further adjustment is necessary.
- The clamping jaw with V-notch automatically positions and holds the cable, which increases the cutting accuracy.
- The fixed blades are adapted to the insulation in their dimensions and prevent inaccurate cuts. The construction of 17-4 stainless steel ensures a long life.
- Guide rollers ensure correct head alignment and a clean, square cut.
- Not recommended for cables with winding layers.
- knifeless
