

Performus-I manual dispenser, analogue, no timer, 0-7 bar - Nordson EFD 7012330

Item no. WL23903

Manufacturer Nordson EFD

Simple hand-controlled dispensing does not need a programmable unit. The Performus-I is an analogue dispenser with a 0-7 bar regulator and a foot switch that triggers each deposit manually. It handles low- and high-viscosity media and ships with accessories.

TECHNICAL DATA

Weight 0.1 kg

DESCRIPTION

The Performus-I is an analogue dispenser for operator-controlled applications where each deposit is triggered manually by foot switch.

- Regulator 0-7 bar for low- and high-viscosity media
- Analogue operation without a timer, simple and rugged in use
- Foot switch trigger keeps both hands on the workpiece
- 230 V mains operation
