

Holding Magnet with Rod 200 mm, 180 N - Starlight 100-005102

Item no. STL-100-005102

Manufacturer Starlight

Holding magnet with 180 N holding force and a 200 mm rod for tool-free fixing of lights on ferromagnetic surfaces with added working distance.

TECHNICAL DATA

Weight **0.1 kg**

DESCRIPTION

The holding magnet with 180 N holding force and 200 mm rod securely fixes Starlight lights on ferromagnetic surfaces while providing working distance.

BENEFITS

- High holding force of 180 N
- Integrated 200 mm rod
- Tool-free, flexible positioning
- Secure hold on ferromagnetic surfaces

TECHNICAL DATA

Type	Holding magnet with rod
Rod length	200 mm
Holding force	180 N
Model	100-005102
Manufacturer	STARLIGHT
Manufacturer part no.	100-005102
ESD safe	no

APPLICATIONS

For flexible mounting of lights on ferromagnetic surfaces with working distance in assembly, inspection and quality control.
