

Upgrade kit soldering iron MFR-H1-SC2 with WS1 stand - Oki MFR-UK1

Item no. WL24477

Manufacturer Oki

Adding a soldering channel to an existing MFR station means buying handpiece and stand as a pair. The MFR-UK1 kit holds the MFR-H1-SC2 solder cartridge handpiece and the WS1 stand and fits the MFR-1100 and MFR-2200 series. Tips are not included and are chosen to suit the job.

TECHNICAL DATA

Power	130 W
Temperature (max.)	bis 450 °C
Temperature range	330-450 °C
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

Upgrade kit for users of an MFR station who want to fill a second channel or replace a worn handpiece. The set consists of the MFR-H1-SC2 solder cartridge handpiece and the matching WS1 stand. Cartridges are selected separately by tip shape and temperature, because the set point sits inside the cartridge.

BENEFITS

- Upgrade kit for the MFR-2200 and MFR-1100 series, ready to work as soon as it is plugged in
- MFR-H1-SC2 handpiece runs the SmartHeat cartridge system and needs no calibration
- WS1 stand included, giving the hot tip a safe park position on the bench
- Ergonomically shaped handpiece with ESD safe cable for work on sensitive assemblies
- Free choice from the full MFR series cartridge programme

TECHNICAL DATA

Item number	WL24477
Model	MFR-UK1

Manufacturer	Oki
Manufacturer item number	MFR-UK1
Handle type	Soldering iron
Included handpiece	MFR-H1-SC2
Included stand	WS1
Matching stations	MFR-1100 series, MFR-2200 series
Tips included	No
Order unit	Piece

APPLICATIONS

Retrofitting a second soldering channel on an MFR-2200, upgrading an MFR-1100 power unit into a complete soldering bench, and replacing a damaged handpiece in production, rework and service.

COMPATIBILITY AND SCOPE OF DELIVERY

The kit fits the MFR-PS1100 and MFR-PS2200 power units. Delivery covers the MFR-H1-SC2 solder cartridge handpiece and the WS1 stand, and according to the manufacturer no tips are included, so they are ordered separately.
