

ESD air filter cartridge for CONVAC vacuum cleaner - Warmbier 7360.VAC.7700120

Item no. WL25793**Manufacturer Warmbier**

Dissipative air filter cartridge as a spare part for CONVAC ESD vacuum cleaners. Retains fine dust and keeps the exhaust air clean inside the EPA.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Norm	IEC 61340-5-1
Sales unit	1 Stück
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

Dissipative air filter cartridge as a spare part for ESD vacuum cleaners of the CONVAC range. It retains fine dust, keeps the exhaust air clean and supports steady suction power inside the electrostatic protected area (EPA).

BENEFITS

- Dissipative filter cartridge with low resistance
- Clean exhaust air and steady suction power
- Exact-fit spare part for CONVAC ESD vacuum cleaners

TECHNICAL DATA

- typical resistance to earth: 10^4 to 10^5 ohm
- suitable for: CONVAC ESD vacuum cleaners
- Manufacturer no.: 7360.VAC.7700120
- Selling unit: 1 piece

APPLICATION

For ESD vacuum cleaners in electronics manufacturing, cleanrooms and EPA areas.

STANDARDS AND COMPLIANCE

Suitable for use in EPA areas to IEC 61340-5-1.
