

ESD finger cots latex rolled, pink, pack of 1440, size S - A1-ESD WL26274

Item no. WL26274

Manufacturer A1-ESD

Pink latex ESD finger cots in size S for antistatic work in the EPA. The rolled long-finger cots keep the dissipation resistance below 10^{11} ohm. Supplied as a pack of 1440 pieces.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Rose
Norm	IEC 61340-5-1
Sales unit	1440 Stück
Size	S
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

These pink latex ESD finger cots enable continuous antistatic work in an EPA. The rolled design unrolls easily over the finger and protects sensitive components from electrostatic discharge.

BENEFITS

- Typical dissipation resistance below 10^{11} ohm for controlled charge decay
- Long-finger design for full protection of the fingertip and finger
- Rolled form for quick fitting, pack of 1440 pieces

TECHNICAL DATA

- Material: latex
- Colour: pink
- Design: long-finger cot, rolled
- Size: S
- Typical dissipation resistance: below 10^{11} ohm
- Pack quantity: 1440 pieces

APPLICATION

For handling ESD sensitive components in electronics manufacturing and assembly.

STANDARDS

Supports the ESD protection concept according to IEC 61340-5-1.
