

Thread Gauge DIN ISO 1502 - Völkel

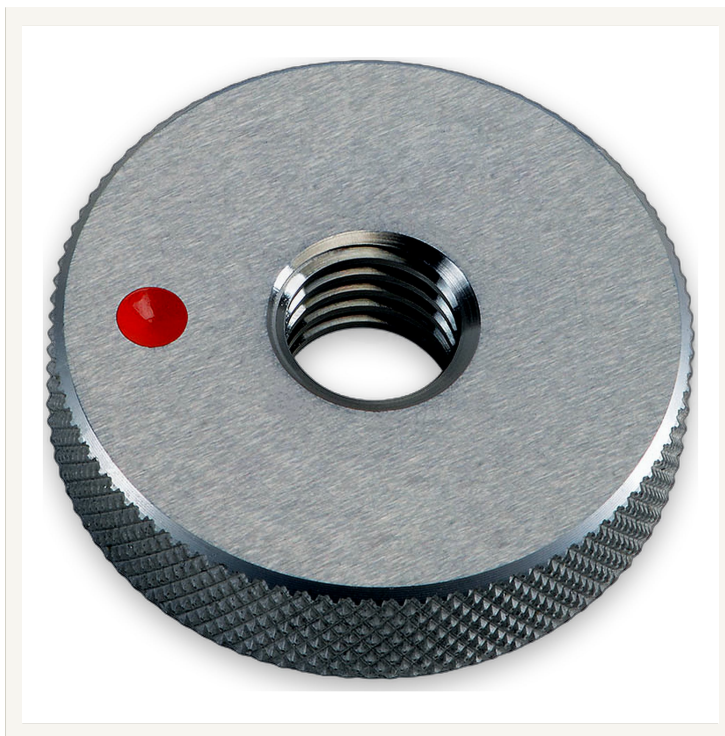

Item no. VOES17451

Manufacturer Völkel

VÖLKEL thread gauge for checking thread dimensions. For quick go/no-go inspection of internal or external threads to standard.

TECHNICAL DATA

Ausführungsklasse	TEC
Ausführungstyp	DIN ISO 1502
Country of Manufacture	Germany
Weight	0.1 kg

DESCRIPTION

For dimensional control of threads in production and incoming inspection. The gauge checks tolerance and fit and secures thread quality before assembly.

KEY BENEFITS

- Inspection of threads to standard
- Go/no-go control for internal or external threads
- Dimensionally accurate for repeatable inspection
- For production, quality assurance and incoming inspection

TECHNICAL SPECIFICATIONS

Standard version with defined tolerance class.

APPLICATIONS

Quality assurance, production control and incoming inspection of threaded parts.
