

Stainless Steel Lid for RK 106 and DT 106 - Bandelin Sonorex D 6

Item no. BND-346

Manufacturer Bandelin

Stainless steel lid D 6 for the SONOREX ultrasonic baths RK 106 and DT 106. Protects the bath liquid from contamination, reduces odour and operating noise, and returns condensate to the tank.

TECHNICAL DATA

Ausführungs-kategorie **TEC**

Country of Manufacture **Germany**

HS-Code **84799080**

Weight **0.958 kg**

DESCRIPTION

The Sonorex D 6 is a matching stainless steel lid for the SONOREX ultrasonic baths RK 106 and DT 106. It protects the bath liquid from external contamination and reduces odour from added cleaning and disinfection agents. At the same time it dampens the operating noise of the ultrasonic cleaner.

BENEFITS

- Protects the bath liquid from external contamination
- Reduces odour from cleaning and disinfection agents
- Dampens the operating noise that can be perceived as disturbing
- Returns condensate forming on the lid back into the tank
- Corrosion-resistant stainless steel construction

TECHNICAL DATA

Order no. 346

Material Stainless steel

Weight 0.958 kg

APPLICATIONS

The lid is placed on the tank during operation to cover the bath during and between sonication

cycles. This is particularly useful in clinics, labs and workshops, where cleanliness and quiet operation matter.

The D 6 fits the SONOREX ultrasonic baths RK 106 and DT 106.
