

Calibration unit for two-point probe from Mini Probe Set 840 - Warmbier 7220.844.C

Item no. WL31826

Manufacturer Warmbier

Calibration unit for verifying the two-point probe from the Mini Probe Set Model 840. Checks the three resistance values 0 ohm, 100 kohm and 1 Gohm and ships with a factory calibration certificate.

TECHNICAL DATA

Certification	IEC 61340-5-1
Sales unit	1 Stück
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The WL31826 calibration unit is used to verify the two-point probe from the Mini Probe Set Model 840. It ensures that your resistance measurements on ESD surfaces continue to deliver correct values.

BENEFITS

- Verifies the two-point probe with defined reference resistances
- Can be stored in the carrying case of the Mini Probe Set
- Supplied with a factory calibration certificate

TECHNICAL DATA

- Model: 7220.844.C
- Checks three resistance values: 0 ohm, 100 kohm and 1 Gohm
- From the Mini Probe Set Model 840
