

ESD table mat Ecostat, light blue, roll 10000x1000x2 mm - Warmbier WL31899

Item no. WL31899**Manufacturer Warmbier**

Two-layer ESD table mat Ecostat in synthetic rubber, light blue, supplied as a 10 m roll in 1000 mm width. Dissipation resistance 10^6 to 10^7 ohm, solder and heat resistant, with a conductive backing for safe grounding.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Light Blue
Height	2
Norm	DIN EN 61340-5-1
Sales unit	Rolle 10 m
Weight	0.1 kg
Width	1000

STANDARDS & COMPLIANCE

ESD safe **DIN EN 61340-5-1**

DESCRIPTION

The Warmbier ESD table mat Ecostat reliably protects electrostatically sensitive components at any workstation within an EPA. The dissipative covering drains charges in a controlled way and prevents damage from electrostatic discharge.

CONSTRUCTION AND PROPERTIES

- Two-layer composite covering of wear-resistant synthetic rubber
- Volume conductive with a conductive backing
- Solder and heat resistant as well as abrasion resistant
- Halogen-free and permanently elastic

TECHNICAL DATA

- Material: synthetic rubber, two-layer composite covering
- Dimensions: 10000 x 1000 x 2 mm (roll material, 10 m)
- Colour: light blue
- Typical dissipation resistance: 10^6 to 10^7 ohm
- Model: 1402.665.R10

- Without grounding cord and without grounding point

APPLICATION

Suitable as a table covering for soldering and assembly workstations, test stations and repair areas within the EPA. The roll material is cut to the required length and connected with a matching grounding kit.

STANDARDS AND COMPLIANCE

The covering meets the requirements of DIN EN 61340-5-1 for ESD protection at the workplace.
