

ESD reusable hood made of dissipative polyester, one size - Warmbier 8761.H.B

Item no. WL32097

Manufacturer Warmbier

Dissipative ESD reusable hood made of static dissipative polyester fabric in one size. It protects sensitive components from particles and charge in the EPA and can be reused. Supplied as a pack of 10.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Certification	IEC 61340-5-1
Colour	White
Geschlecht	Unisex
Sales unit	VPE 10 Stück
Size	One size
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The Warmbier ESD reusable hood covers hair and head inside the electrostatic protected area (EPA) and keeps particles and uncontrolled charge away from production. The dissipative polyester fabric is washable and reusable.

BENEFITS

- Static dissipative polyester fabric for the EPA
- Reusable version, washable and reusable
- One size for universal use

TECHNICAL DATA

- Model: 8761.H.B
- Material: polyester (dissipative)
- Typical dissipation resistance: 10^7 to 10^9 ohm
- Size: one size
- Colour: white
- Selling unit: pack of 10

APPLICATION

For head covering in EPA and clean room related areas of electronics manufacturing and assembly.

STANDARDS AND COMPLIANCE

Suitable for use within an ESD control programme per IEC 61340-5-1.
