

Microscope Head - KERN OBB-A1209

Item no. KER-OBB-A1209

Manufacturer Kern

EAN 4045761167414

The binocular microscope tube KERN OBB-A1209 equips compatible KERN microscopes with ergonomic viewing. Its Siedentopf mechanism keeps the image in focus while the interpupillary distance is set from 50 to 75 mm, and the 30° inclined view supports an upright posture.

TECHNICAL DATA

Country of Manufacture	China
HS-Code	90119000
Weight	2 kg

DESCRIPTION

For two-eyed observation series, the binocular tube KERN OBB-A1209 brings a Siedentopf draw tube: the interpupillary distance adjusts steplessly from 50 to 75 mm, and the 30° inclined view keeps the head and neck upright.

BENEFITS

- **Siedentopf adjustment:** constant focus position while changing the interpupillary distance
- **Interpupillary distance 50 - 75 mm:** adapts to different users
- **30° viewing angle:** upright, low-fatigue posture

TECHNICAL DATA

- **Tube type:** Binocular
- **Inclination angle:** 30°
- **Interpupillary distance:** 50 - 75 mm
- **Net weight:** 1,4 kg
