### STANDARDS & COMPLIANCE

ESD safe

### DESCRIPTION

Use this label to mark transitions and items where ESD protection ends. The red struck-through ESD symbol clearly shows that EPA protection no longer applies here.

### BENEFITS

- red struck-through ESD symbol, type EPA
- clear delimitation of unprotected areas
- self-adhesive PVC film

### TECHNICAL DATA

- Material: PVC film, self-adhesive
- Size: 30 x 30 mm
- Print: ESD symbol type EPA, struck through
- Colour: red
- Selling unit: 1 sheet of 30 pieces
- Manufacturer no.: 2850.3030.R

## **APPLICATION**

For marking transitions and equipment where ESD protection no longer applies, as a delimitation from the EPA.
