

Stereo Microscope Set 1x - KERN OSE 409

Item no. KER-OSE 409

Manufacturer Kern

EAN 4045761170186

The KERN OSE 409 is a predefined stereo microscope set with a swing arm and integrated gooseneck LED light for a functional workstation. It is stable and easy to operate, suited to schools, workshops and training. The ready-made set saves the effort of configuring individual components.

TECHNICAL DATA

Country of Manufacture	China
HS-Code	90111000
Weight	8 kg

DESCRIPTION

If you want a workstation that is ready to use, the KERN OSE 409 is a predefined stereo microscope set with a swing arm and integrated gooseneck reflected light, with no need to combine individual components.

BENEFITS

- **Predefined set:** saves time-consuming configuration and delivers a functional workstation from a single source.
- **Swing arm with block base:** flexible positioning over the sample for a large working area.
- **Integrated gooseneck LED (3W):** directed reflected-light illumination of the sample.
- **Stable construction:** easy to operate, ideal for schools, workshops and training.
- **Greenough optics with 3D image:** plastic view of insects, PCBs and components.

TECHNICAL DATA

- **Optical system:** Greenough
- **Tube:** binocular, 45° inclination
- **Objective magnification:** 1x
- **Eyepiece:** WF 10x, 20 mm field of view
- **Interpupillary distance:** 55 mm - 75 mm
- **Illumination:** LED reflected light, 3W
- **Stand:** universal (swing arm with block base)

- **Power supply:** built-in, 100 - 240 V
- **Net weight:** 7 kg

APPLICATIONS

Training, zoology and botany, tissue preparation, dissection and quality control, especially for specimens focused on a spatial impression such as insects, seeds, PCBs and components.
