

Desoldering braid flux-impregnated, 1.5 mm width, 30 m reel - Weller T0051302699

Item no. WL34302

Manufacturer Weller

Flux-impregnated copper-braid desoldering wick, 1.5 mm wide, on a 30 m reel. Draws molten solder cleanly off joints by capillary action.

TECHNICAL DATA

Country of Manufacture	Germany
HS-Code	85159080900
Weight	0.1 kg

DESCRIPTION

The desoldering braid consists of flux-impregnated copper mesh. The flux wets the copper, and the capillary force in the fine mesh reliably absorbs the molten solder. At 1.5 mm wide and 30 m long it suits frequent desoldering work.

BENEFITS

- Flux-impregnated copper braid for fast wetting
- Capillary action draws molten solder away cleanly
- 1.5 mm width for common solder joints
- Generous 30 m reel

TECHNICAL DATA

Manufacturer item no.	T0051302699
Manufacturer	WELLER
Width	1.5 mm (0.059 in)
Length	30 m
Material	flux-impregnated copper braid
Order unit	roll

APPLICATIONS

Removing solder from joints, tracks and pads during repair and rework.
