

Lötzinn-Abstreifschale weich und temperaturbeständig für CD-Station - JBC CL0160

Item no. WL34921

Manufacturer JBC

Soft, heat-resistant solder stripping tray CL0160 for JBC CD stations. It collects excess solder from the tip and keeps the workplace clean without wearing the tip.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	Spain
HS-Code	85159080900
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The JBC CL0160 is a stripping tray for the stand of the JBC CD soldering stations. The soft, heat-resistant material gently collects excess solder when wiping the tip and keeps the tip and workplace clean.

BENEFITS

- Soft material for gentle wiping without tip wear
- Heat-resistant for continuous use at the soldering station
- Collects excess solder safely and keeps the workplace clean
- Fits exactly into the stand of the JBC CD stations
