

Solder bath tip with mini solder bath 18 x 15 x 10 mm up to 500 C for T470 - JBC C470-SP01

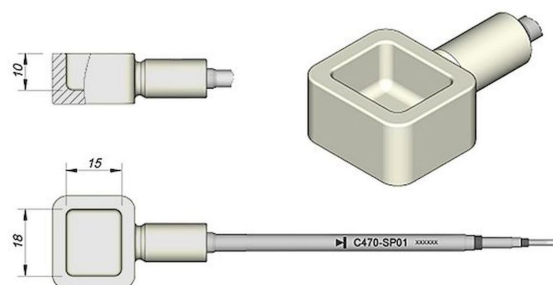

Item no. WL36628

Manufacturer JBC

JBC C470-SP01 solder bath tip with integrated heater for the high-power T470 handpiece. Pluggable mini solder bath 18 x 15 x 10 mm rated for use up to 500 C with the HDE supply unit.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	Spain
HS-Code	85159080900
Serie	C470
Temperature (max.)	bis 500 °C
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The JBC C470-SP01 turns the high-power T470 soldering iron into a mini solder bath for demanding tinning work. The pluggable reservoir of 18 x 15 x 10 mm holds molten solder and is rated for use up to 500 C with the HDE supply unit, formerly HD-4700. The integrated heater ensures fast heat-up and stable temperature even under high thermal load.

BENEFITS

- Pluggable mini solder bath 18 x 15 x 10 mm on the high-power T470 handpiece
- Use up to 500 C for tinning with high heat demand
- Integrated heater for instant heat and constant temperature
- Tool-free change like all C470 tips

TECHNICAL DATA

Item no.	WL36628
Model	C470-SP01
Manufacturer item no.	C470-SP01

Tip series	C470
Design	pluggable mini solder bath (special form)
Solder bath dimensions	18 x 15 x 10 mm
Operating temperature	up to 500 C
Integrated heater	yes
Dimensions with packaging (LxWxH)	183 mm x 60 mm x 34 mm
Order unit	piece

APPLICATIONS

Tinning of stranded wires, leads and terminals and small dip-soldering tasks with high heat demand in production and repair.

COMPATIBILITY AND SCOPE OF DELIVERY

Fits the T470 handpiece with the HDE supply unit, formerly HD-4700. Supplied as a single tip.

ESD safe per IEC 61340-5-1. Manufacturer JBC, country of origin Spain.
