

Reducer 75 mm to 50 mm for extraction hose - Bofa A1080014

Item no. WL37102

Manufacturer Donaldson Bofa

Reducer from 75 mm to 50 mm diameter for Bofa extraction hoses. Connects components with different connection diameters. Sold per piece.

TECHNICAL DATA

 Country of Manufacture **United Kingdom**

 HS-Code **39174000**

 Weight **0.1 kg**

DESCRIPTION

Reducer for Bofa extraction units that steps a 75 mm diameter extraction hose down to 50 mm. It connects system parts with different connection diameters and allows flexible build-up of the extraction run.

BENEFITS

- Reduction from 75 mm to 50 mm diameter
- Suitable for extraction hose with D = 75 mm
- Connects Bofa components of different diameters

TECHNICAL DATA

Manufacturer item no.	A1080014
Item no.	WL37102
Inlet	75 mm
Outlet	50 mm
Order unit	Piece

APPLICATIONS

- Adapting connection diameters in Bofa extraction runs

COMPATIBILITY

For Bofa extraction hoses 75 mm and 50 mm diameter.
