

Solid multi-seal piston 400 ml with bleed plug - Nordson EFD 7702677

Item no. WL37129

Manufacturer Nordson EFD

Seating a piston often traps air above the fluid and disrupts the first shot. This solid multi-seal piston for 400 ml cartridges vents that air through a pre-staged bleed plug. No shim is needed.

TECHNICAL DATA

Weight 0.1 kg

DESCRIPTION

The solid multi-seal piston seals 400 ml cartridges on multiple contact points and, thanks to a pre-staged bleed plug, prevents trapped air on insertion without any shim.

- Designed for 400 ml cartridges
- Multi-seal design with a solid O-ring against material bypass
- Pre-staged centre bleed plug vents trapped air
- No shim required when inserting the piston

TECHNICAL DATA

Model	7702677
Manufacturer part no.	7702677
Size	400 ml
Seal	solid O-ring, multi-seal
Design	solid, with bleed plug
Sales unit	PU
ESD safe	no

For 400 ml cartridges in air-powered dispensing, suited to medium and high-viscosity media.
