

875689. Torque measuring device

Item no. WL37385

Manufacturer A1-ESD

Torque measuring device

Kein Produktbild

TECHNICAL DATA

Weight 0.1 kg

DESCRIPTION

Torque measuring device

- Measuring range: 0,15 - 10 Nm - battery operated, automatic reset
- Different measuring algorithms: running torque, peak value, impulse and breakaway torque
- Can be switched between Nm and Kgf.cm
- PC connection via interface or USB connection
- Interface for printer and external keyboard (numeric keypad)
- Accuracy guarantee $\pm 1\% + 1$ digit
- including: Factory calibration certificate, battery charger, storage box

item number	WL37385
model	CD100M
manufacturer	WEIDINGER
manufacturer item number	875689
