

Complete desoldering gun set for TMT-9000PS and MX units - Thermaltronics DS-KIT-1

Item no. WL37499

Manufacturer Thermaltronics

Adding through-hole desoldering to an existing bench takes more than the gun alone. The DS-KIT-1 supplies the DS-GUN-1 gun, handpiece cable, air hose, SHH-3 stand, cleaning tools plus filter wool and solder chambers in one box. It is built for the TMT-9000PS, MX-500, MX-5000 and MX-5200 power units.

TECHNICAL DATA

Weight 0.1 kg

DESCRIPTION

The DS-KIT-1 upgrades an existing soldering bench to a full desoldering station in one step. The gun turns standard compressed air into a strong vacuum and clears the barrel quickly, while the included stand and cleaning set keep the station running in continuous use.

BENEFITS

- Vacuum from existing compressed air with high thermal performance at the joint
- Quick-change filter wool and solder chamber, maintenance without tools
- Complete package including SHH-3 stand and DS-TCT-1 cleaning tool set
- For the TMT-9000PS, MX-500, MX-5000 and MX-5200 power units
- Consumable reserve already included, 6 pairs of filter wool and 15 solder chambers

TECHNICAL DATA

Item number	WL37499
Model	DS-KIT-1
Manufacturer	Thermaltronics
Manufacturer item number	DS-KIT-1
Handle type	Soldering gun
Suitable tips	DT series desoldering tips

Suitable power units	TMT-9000PS, MX-500, MX-5000, MX-5200
Dimensions with packaging (LxWxH)	240 mm x 190 mm x 180 mm
Dimensions with packaging in inches (LxWxH)	9.4 in x 7.5 in x 7.1 in
Weight	0.1 kg
Order unit	Piece

APPLICATIONS

Repair and rework of leaded assemblies, replacement of connectors and pin headers, restoration of multilayer boards and small-batch production where single components have to be removed without damage.

COMPATIBILITY AND SCOPE OF DELIVERY

The box contains the DS-AH-1 air hose, DS-CP-1 filter wool in 6 pairs and 15 solder chambers, the DS-GUN-1 desoldering gun, the DS-HPC-1 handpiece cable, the DS-TCT-1 cleaning tool set, the RMP-1 protective cloth for tip removal and the SHH-3 stand. Work is done with DT series desoldering tips. The power unit is not included.
