

Sulfide-free cleaning sponge yellow, pack of 50 - Thermaltronics SPG-50

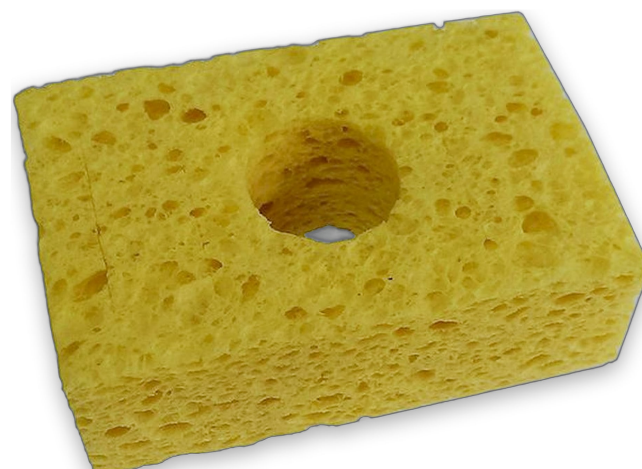

Item no. WL37521

Manufacturer Thermaltronics

Anyone running several soldering benches in shift work buys sponges as consumables, not as single items. The SPG-50 supplies 50 yellow cellulose sponges, sulfide free and therefore harmless to the iron plating of the tip. Suitable for Thermaltronics soldering systems and the Metcal MX series.

TECHNICAL DATA

Colour	Yellow
Weight	0.1 kg

(50 PACK)

DESCRIPTION

Sponges are the cheapest part of a soldering bench and still decide how long the tips last. The SPG-50 bulk pack covers the demand of a whole production line and replaces Metcal article AC-Y10.

BENEFITS

- 50 sponges per pack, sized for shift work and multiple benches
- Sulfide-free cellulose, no sulfur reaches the soldering tip
- For Thermaltronics soldering systems and Metcal MX series soldering systems
- Equivalent to Metcal article AC-Y10
- RoHS compliant

TECHNICAL DATA

Item number	WL37521
Model	SPG-50
Manufacturer	Thermaltronics
Manufacturer item number	SPG-50
Version	Sponge yellow, sulfide free
Replaces	Metcal AC-Y10
Dimensions with packaging (LxWxH)	180 mm x 110 mm x 50 mm

Dimensions with packaging in inches (LxWxH)	7.1 in x 4.3 in x 2 in
Weight	0.1 kg
RoHS	compliant
Order unit	pack
Content	50 pieces

APPLICATIONS

Consumable stock for soldering lines, repair centres and training workshops where many benches are restocked with fresh sponges on a regular schedule.

COMPATIBILITY AND SCOPE OF DELIVERY

For use in the stands of Thermaltronics soldering systems and the Metcal MX series. The box holds 50 individual sponges. Moisten with demineralised water and squeeze out before use so the sponge is damp rather than wet.
