

Tip tinner lead-free no-clean, 20 g - Thermaltronics TMT-TC-2

Item no. WL37536

Manufacturer Thermaltronics

Lead-free tip tinner to re-wet oxidised soldering tips, 20 g. No-clean formula with minimal residue in a sealable metal tin with self-adhesive base.

TECHNICAL DATA

Country of Manufacture **United States**

HS-Code **85159080900**

Weight **0.1 kg**

DESCRIPTION

The Thermaltronics TMT-TC-2 reactivates poorly wetting and oxidised soldering tips: a compressed tablet of pure tin and ammonium phosphate removes oxide and re-wets the tip. The no-clean formula leaves minimal residue. The sealable metal tin has a self-adhesive base for mounting close to the work surface. Content 20 g.

BENEFITS

- Reactivates oxidised and poorly wetting tips
- No-clean formula with minimal residue
- Self-adhesive base, sealable tin

APPLICATIONS

- Re-wetting soldering tips in the lead-free process

COMPATIBILITY AND SCOPE OF SUPPLY

- 1 tin of tip tinner, 20 g
- For all common soldering iron tips
