

Interlocking PVC floor tile, dark blue, smooth, 500 x 500 x 7 mm, 4 pieces - Ecotile WL41879

Item no. WL41879

Manufacturer Ecotile

Interlocking PVC industrial tile in dark blue (RAL 5013) with a smooth surface, format 500 x 500 x 7 mm. It is loose laid via the open dovetail joint with no substrate preparation. Supplied as a pack of 4 tiles covering about 1 m².

TECHNICAL DATA

Colour	Dark Blue
Country of Manufacture	United Kingdom
Depth	500
Height	7
Sales unit	4 Stück
Weight	8.6 kg
Width	500

DESCRIPTION

The Ecotile E500/7 interlocking industrial tile builds a hard wearing floor for workshops, warehouses and commercial areas while reducing dust and noise. The tiles are loose laid on a firm subfloor and tapped together through the open dovetail joint, so no primer or adhesive is needed.

BENEFITS

- Loose laid with an open dovetail joint for fast installation and no curing time
- No substrate preparation required
- Heavy duty floor that absorbs high point loads, impacts and vibration
- Suited to heavy foot and vehicle traffic including fork lift trucks
- Good thermal and acoustic insulation from the subfloor

TECHNICAL DATA

- Material: 100 % recyclable PVC, injection moulded
- Format: 500 x 500 x 7 mm
- Surface: smooth
- Colour: dark blue (RAL 5013)
- Joint: open dovetail
- Chemical resistant
- Selling unit: pack of 4 tiles

APPLICATION

Use the colour to mark zones and walkways in production, warehouse and workshop areas. Suited to heavy foot and fork lift traffic and can be laid during ongoing operation.
