### DESCRIPTION

The Ecotile corner ramp finishes the exposed edges of a 7 mm tiled floor at outside corners and creates a low transition from the floor down to the subfloor. The ramp clips onto the tiles and needs no adhesive.

### BENEFITS

- Safe transition from 7 mm to 1 mm, reduces trip edges
- Clip on ramp section, fast fitting without adhesive
- For outside corners of the 7 mm tile system
- Trafficable by pallet and fork lift trucks
