

Thermaltronics TMT-ST10. Soldering tip measuring device

Item no. WL42266

Manufacturer Thermaltronics

Soldering tip measuring device

TECHNICAL DATA

Weight

0.1 kg

DESCRIPTION

3-in-1 soldering tip measuring device, for the measurement of:

- temperature, resistance, AC voltage control
- Storage and export of data
- Low weight and easy operation
- Precise measurement of the temperature at the tip
- Voltage: 9 V battery
- Temperature of test range: 0-600 °C
- Resistance of test range: 0-100 mV (AC)
- Voltage of test range: 0-100 Ω
- Dimensions: 85 mm x 175 mm x 48 mm
- Weight: 0.35 kg
- Mini USB port
- Data storage: 32,640 events

Delivery content:

- TMT-ST10
- ST-CABLE-1 - mini USB data cable
- ST-SNSR-1 - temperature sensor (pack of 10)

- ST-GWIRE-X - earthing wire

item number	WL42266
model	TMT-ST10
manufacturer	THERMALTRONICS
manufacturer item number	TMT-ST10
