

Measuring cable set for SRM110 with banana plugs - Warmbier 7100.SRM110.L

Item no. WL42555

Manufacturer Warmbier

Measuring cable set for the SRM110 surface resistance meter. It contains two 1 m connection leads with banana plugs as a replacement or addition.

TECHNICAL DATA

Norm **IEC 61340-5-1**Sales unit **Satz**Weight **0.1 kg**

STANDARDS & COMPLIANCE

IEC 61340-5-1

DESCRIPTION

Measuring cable set for the Warmbier SRM110. The two connection leads ensure the correct link between the instrument and electrodes or test objects.

BENEFITS

- Two 1 m connection leads with banana plugs
- Genuine replacement for the SRM110
- Reliable contacting during surface resistance measurements

TECHNICAL DATA

- Leads: 2 x 1 m with banana plug
- One lead black
- Selling unit: 1 set

APPLICATION

Surface resistance measurement with the SRM110 to IEC 61340-5-1.
