

Manual soldering tip cleaner with brass wool and sponge - JBC CL8499

Item no. WL42560**Manufacturer JBC**

Complete manual cleaning system for soldering tips with a splash guard and membrane that keeps the working area clean. It combines brass wool, a sponge and an ESD-safe beech tip wiper for three gentle cleaning methods. A non-slip base gives a secure stand.

TECHNICAL DATA

Weight

0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The manual soldering tip cleaner CL8499 combines three cleaning methods in one housing with a splash guard and membrane and keeps the working area clean.

BENEFITS

- Brass wool cleans effectively and leaves a thin layer of solder on the tip
- Sponge as the gentlest method, kept moist with distilled water
- ESD-safe tip wiper of temperature-resistant beech removes excess solder by tapping or wiping
- Splash guard with membrane and a non-slip base for a secure stand
