Manufacturer HB Schutzbekleidung

Cleanroom coverall made from the low-particle HABETEX climatic Pro fabric in size 58/60, dark blue. A covered 2-way zip, elasticated waist and leg cuffs plus back ventilation deliver a clean fit and comfortable wear.

TECHNICAL DATA

Colour	Dark Blue
Geschlecht	Unisex
Sales unit	1 Stück
Size	58/60
Weight	0.1 kg

DESCRIPTION

The HABETEX climatic Pro coverall is built for continuous cleanroom work where low particle shedding and freedom of movement matter equally. The proven cleanroom fabric combines high wearing comfort with optimised strength and very low fabric weight.

BENEFITS

- Low-particle HABETEX climatic Pro fabric at just 105 g/m²
- Band collar and covered 2-way zip for clean contours
- Elasticated waist and leg cuffs, back yoke ventilation, bi-elastic sleeve cuffs

TECHNICAL DATA

- Model: HABETEX climatic Pro coverall (OV-DB)
- Material: 72 % viscose, 28 % polyester
- Fabric weight: 105 g/m²
- Colour: dark blue
- Size: 58/60
- Features: 1 chest pocket with flap and concealed hook-and-loop closure, 1 rear pocket right, 1 rule pocket right
- Selling unit: 1 piece

APPLICATIONS

Suitable for cleanroom areas in electronics manufacturing, optics, precision engineering and laboratories that require a low-particle fabric and full-body cover.
