

Cartridge changer for R470 tips - JBC CS2R470-B

Item no. WL50754

Manufacturer JBC

Automatic cartridge changer for use with the R245 and R470 tips. The stand fixes and releases the tips with compressed air and swivels by up to 35° in both directions. Combines with the TRA automatic iron and the UCR control box.

TECHNICAL DATA

Weight

0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The CS2R470-B is the cartridge changer for automated processes with the R245 and R470 tips. It fixes and releases the tips automatically using compressed air and can be adapted optimally to the working position.

BENEFITS

- Automatic fixing and releasing of tips by compressed air
- Designed for the R245 and R470 tip series
- Position swivels by up to 35° in both directions for optimal adaptation
- Combines with the TRA automatic iron and the UCR control box

TECHNICAL DATA

Item no.	WL50754
Model	CS2R470-B
Manufacturer item no.	CS2R470-B
Manufacturer	JBC

Order unit	piece
Compatible tips	R245, R470
Actuation	compressed air
Swivel range	up to 35° in both directions
Combines with	TRA automatic iron, UCR control box

APPLICATIONS

Automated soldering cells where R245 or R470 tips change without manual intervention.

COMPATIBILITY AND SCOPE OF DELIVERY

Intended for the R245 and R470 tips, combines with the TRA automatic iron and the UCR control box. Supplied as a cartridge changer.

Suitable for use at ESD workstations in accordance with IEC 61340-5-1. Made in Spain.
