

## Lindström 8160 J. side cutters, 80 series, oval jaws

Item no. WL52708

Manufacturer Lindström

side cutters, 80 series, oval jaws

### TECHNICAL DATA

Weight

0.1 kg

### STANDARDS & COMPLIANCE

ESD safe

### DESCRIPTION

Precision side cutters, micro cut with oval head and ESD-safe handles 125 mm. The numerically controlled machine grinding guarantees cutting angle accuracy and contact; increases the load capacity and durability of the tool.

- Side cutters, series 80, oval jaws
- ESD-safe handles made of synthetic material with opening spring
- Cut/Wate: Micro-Bevel® and Flush and Ultra-Flush®
- The specified cutting capacity applies to copper wire
- Suitable for cutting copper
- High Performance Steel Alloy
- Burnished
- The numerically controlled machine grinding guarantees cutting angle accuracy and contact; increases the load capacity and durability of the tool
- Induction hardened cutting edges, 63-65 HRC
- Friction-reducing screw connection which increases the line accuracy of the cutting edges
- Especially suitable for work on cable harnesses and for assembly tasks on printed circuit boards

- Version "CO" with antistatic, conductive grip sleeves

## PRODUCT DETAILS

|                              |                         |
