Long blade for use as a T-wrench. For high torque. The long blade provides good turning control and easy access to deep screws

- T-handle for hexagon bolts and nuts

- 2-component handle provides high comfort and reduces the occurrence of pressure points in the hand
- Markings on the handle for faster identification of the blade
- Burnished tip for greater accuracy and chrome-plated blade for maximum corrosion protection
- Long blade for use as a T-wrench. For high torque. The long blade provides good turning control and easy access to deep screws
- Integrated suspension eye
- Article number and blade size lasered onto the blade

PRODUCT DETAILS

item number	WL53606
model	902T-100-175
manufacturer	BAHCO
manufacturer item number	902T-100-175
dimensions (LxWxH)	220 mm x 95 mm x 14 mm
order unit	piece
ESD safe	no
handle length	105 mm
hexagon socket	10 mm
VDE	no
Handle width	60 mm
packaging mass	piece
type of screw	hexagonal
tool length	220 mm
blade length	160 mm
