

Bahco 2521V-160. Ro with nose pliers, VDE insulated, 160 mm

Item no. WL54897

Manufacturer Bahco

Round nose pliers, VDE insulated, 160 mm

TECHNICAL DATA

Weight

0.1 kg

STANDARDS & COMPLIANCE

IEC 60900

DESCRIPTION

3-layer coating with different colours to indicate application safety: safe, dangerous or very dangerous. A fourth, black layer for additional protection of the grip edges

- Fire coated insulation
- 3-layer insulation, colour-coded for safety
- For work on live equipment up to 1000 V according to IEC 60900
- Especially suitable for bending wires
- Main part made of high-performance steel alloy
- Chrome-plated, rust protection treated
- 3-layer coating with different colours to indicate application safety: safe, dangerous or very dangerous. A fourth, black layer for additional protection of the grip edges
- This offers protection and an optical warning system
- If the outer layer is damaged, the lighter colour underneath becomes visible and warns the operator
- Each tool is tested for 10 seconds at 10,000 V at the end of the production process

PRODUCT DETAILS

item number	WL54897
model	2521V-160
manufacturer	BAHCO
manufacturer item number	2521V-160
dimensions (LxWxH)	160 mm x 60 mm x 30 mm
order unit	piece
packaging mass	piece
VDE	yes
head width	16 mm
jaw thickness	1.5 mm
ESD safe	no
tool material	High performance steel alloy
type of pliers	round nose pliers
