

Counting Power Supply for BL Screwdrivers EU Plug - HIOS BLOP-STC-3EUHK

Item no. BLOP-STC-3EUHK

Manufacturer Hios

Compact counting power supply for brushless HIOS BL and BLG series electric screwdrivers with screw counting from 1 to 99 and switchable output voltage for two speed steps. This version has an EU mains plug.

TECHNICAL DATA

Weight 0.33 kg

DESCRIPTION

The BLOP-STC-3EUHK powers a brushless HIOS screwdriver and counts the fastenings made, which simplifies piece count control in assembly. The two-step switchable output voltage provides two speed ranges.

FEATURES

- Screw counting from 1 to 99 with automatic reset
- Switchable output voltage HI 30V and LOW 20V for two speed steps
- Compact housing of only about 330 g
- EU mains plug and 1.8 m power cord
- Input AC 100-240V (47-63Hz)

TECHNICAL DATA

Input voltage	AC 100-240V (47-63Hz)
Output	HI DC 30V, LOW DC 20V (2-step)
Count range	1 to 99
Dimensions	71.5 x 146 x 42.6 mm
Weight	0.33 kg
Power cord	1.8 m

APPLICATION

Used at the assembly workstation when a brushless screwdriver is run and the number of fastenings per workpiece is monitored.

COMPATIBILITY

For one HIOS BL series screwdriver (BL-2000, BL-3000, BL-5000, BL-5020, BL-7000) and the BLG series. Connection for one screwdriver.
