

Knipex 00 20 10. "Power pack" tool set, 3 pieces

Item no. WL61233

Manufacturer Knipex

"Power pack" tool set, 3 pieces

TECHNICAL DATA

Weight

0.1 kg

DESCRIPTION

Power times three: Combination pliers, side cutters and water pump pliers: Hold, cut, twist, bend and pull with high efficiency.

The power combination pliers 02 01 180, the power side cutter 74 01 160 and the high-tech water pump pliers Knipex Cobra 87 01 250 together make up the power package from Knipex. This designation can be taken quite literally, because all three pliers stand for high efficiency in gripping, holding, cutting, turning and countering due to their design and material. They are forged from carefully selected special tool steels in special quality, oil-hardened and assembled in modern processes: for a long service life, for high efficiency when working.

Side cutters with approx. 64 HRC, combination pliers with approx. 63 HRC cutting edge hardness. The high cutting performance of the power side cutter and the power combination pliers is due to the fact that their cutting edges are additionally inductively hardened to approx. 64 HRC and 63 HRC respectively. Professional users know what performance these figures stand for.

Thanks to the optimized high-performance transmission, the power combination pliers require 35% less hand force than conventional combination pliers. Gripping, holding, bending, cutting, pulling: with low hand force and high force on the workpiece. Both pliers are forged from special tool steel in special quality.

Made of chrome vanadium electrical steel: the high-tech water pump pliers

The Knipex Cobra water pump pliers are forged from chrome vanadium electrical steel. The opening width is adjusted directly on the workpiece: place the upper jaw against the workpiece, press the button, push the lower jaw towards you, release the button, and the pliers are adjusted for a precise fit. A hand-friendly grip position is found with the fine adjustment. Thanks to the self-clamping effect, all hand force can flow into a turning movement, for example. The 250 mm length of the pliers produces a high leverage force, which is permanently and reliably transferred to the workpieces by the additionally induction-hardened gripping teeth.

Tools in plastic deep-drawing part with transparent lid. Dimensions (W x H x D): 170 x 370 x 40 mm. Scope of delivery: 1 x 02 01 180 KNIPEX power combination pliers (35 % power saving), 1 x 87 01 250 KNIPEX Cobra® high-tech water pump pliers, 1 x 74 01 160 KNIPEX power side cutters (Optimal for all types of wire),

- Attractive sales packaging with self-service perforation
- Tools in plastic thermoformed part with transparent lid
- Dimensions (W x H x D): 170 x 370 x 40 mm

PRODUCT DETAILS

item number	WL61233
model	00 20 10
manufacturer	KNIPEX
manufacturer item number	00 20 10
dimensions (LxWxH)	370 mm x 170 mm x 36 mm
dimensions with packaging (LxWxH)	370 mm x 170 mm x 36 mm
Packaging volume	2.264 dm ³
scope of supply	1x 02 01 180 1x 74 01 160 1x 87 01 250
order unit	set
RoHS conform	no
ESD safe	no
VDE	no
