

Diffuser Disc for Ring Lights of the RL1-10 Series - Starlight 100-012024

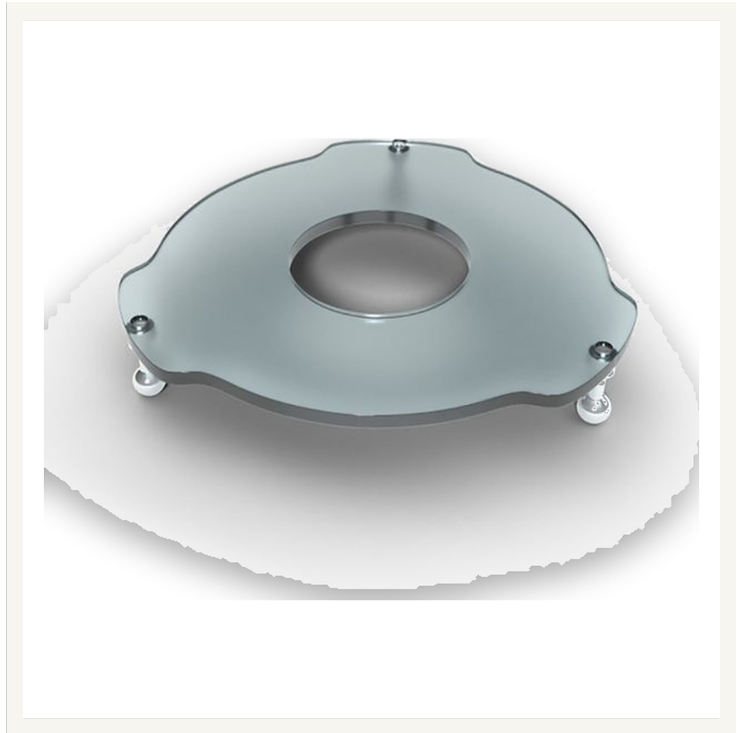

Item no. STL-100-012024

Manufacturer Starlight

Diffuser disc accessory for ring lights of the RL1-10 series. It scatters the LED light evenly and reduces reflections on shiny surfaces for a soft inspection image.

TECHNICAL DATA

Weight **0.1 kg**

DESCRIPTION

The diffuser disc is a matching accessory for ring lights of the Starlight RL1-10 series. It scatters the directed LED light into a soft, even illumination and reduces disturbing reflections on shiny or curved inspection objects.

BENEFITS

- Soft, even light distribution without hard cast shadows
- Reduces reflections and hotspots on specular surfaces
- Precise fit for ring lights of the RL1-10 series
- Tool-free to attach and exchange

TECHNICAL DATA

Model	Diffuser disc RL1-10 series
Suitable for	ring lights of the RL1-10 series
Sales unit	piece
Manufacturer part no.	WL62474
ESD safe	no

APPLICATIONS

For microscopy and inspection of shiny components, in electronics testing and quality control where reflections hinder assessment.
