

JBC ALE-SA. Standfor ALE250 Automatic-Feed Soldering Iron

Item no. WL71740

Manufacturer JBC

Stand for ALE250 Automatic-Feed Soldering Iron

TECHNICAL DATA

Weight

0.1 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

ALES Stand works exclusively with ALE250 Automatic-Feed Soldering Iron and ALU Automatic-Feed Control Unit.

Intelligent Heat Management automatically detect the tool in the stand and reduces the tip temperature below the solder melting point. Hibernation cuts off power supply preventing oxidation. As a result, tip life lasts up to 5 times longer.

The stand includes Tip Cleaner with brass wool, as well as, splashguard and antisplash membrane to keep the work area clean and free of solder particles. Quick Cartridge Exchanger enables a safe, easy and quick cartridge exchange which, combined with Cartridge Holder, allows you to store up to four cartridges.

The Tool Holder position is easily adjustable to suit your needs and Cable Collector is designed for perfect movement adaptation and to keep cables away from the working area.

- ESD safe: Meet ANSI/ESD S20.20-2021 DIMENSIONS AND WEIGHT

- Stand:
- 195 x 93 x 300 mm / 1.48 kg.
- 7.68 x 3.66 x 11.81 in / 3.25 lb.
- Package:
- 342 x 155 x 120 mm / 1.95 kg.
- 13.46 x 6.10 x 4.72 in / 4.29 lb.

PRODUCT DETAILS

item number	WL71740
manufacturer	JBC
manufacturer item number	ALE-SA
dimensions (LxWxH)	342 mm x 155 mm x 120 mm
order unit	piece
suitable handpiece	soldering iron
ESD safe	yes
