

Stand for WS140 wire stripper tweezers with cartridge exchanger - JBC WSST-A

Item no. WL71743

Manufacturer JBC

Stand for the WS140 high-temperature precision wire stripper tweezers that detects the tool automatically and lowers the tip temperature. Hibernation cuts off power and prevents oxidation. The quick cartridge exchanger and holder let you store up to four cartridges.

TECHNICAL DATA

Weight 0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The WSST stand works exclusively with the WS140 high-temperature precision wire stripper tweezers and the WSU control unit. Intelligent heat management detects the tool in the stand and lowers the tip temperature below the solder melting point, while hibernation cuts off power supply to prevent oxidation.

BENEFITS

- Intelligent heat management lowers the tip temperature automatically on rest
- Hibernation against oxidation to protect the cartridge
- Quick cartridge exchanger and holder for up to four cartridges
- Adjustable tool holder position and cable collector keep the work area clear

TECHNICAL DATA

Item no.	WL71743
Manufacturer item no.	WSST-A
Manufacturer	JBC

Suitable handpiece	WS140 wire stripper tweezers
Control unit	WSU control unit
ESD safe	yes, meets ANSI/ESD S20.20-2021
Stand dimensions (LxWxH)	300 x 165 x 83 mm
Stand weight	1.42 kg
Dimensions with packaging (LxWxH)	342 x 155 x 120 mm
Weight with packaging	1.97 kg
Order unit	piece

APPLICATIONS

Safe storage and maintenance of the WS140 precision wire stripper tweezers at the workstation for thermal stripping.

COMPATIBILITY AND SCOPE OF DELIVERY

Suitable exclusively for the WS140 wire stripper tweezers and the WSU control unit. Scope of delivery: one WSST stand with quick cartridge exchanger.

ESD safe meeting ANSI/ESD S20.20-2021, suitable for workplaces in accordance with IEC 61340-5-1. Made in Spain.
