

Tool holder H6267 for APS stand - JBC 16267

Item no. WL71770

Manufacturer JBC

The H6267 tool holder keeps the handpiece safe while not in use. It works with the APS stand and fits the AP250 manual-feed soldering iron. The metal top detects the parked tool and activates the sleep mode, extending tip life.

TECHNICAL DATA

Weight **0.1 kg**

DESCRIPTION

The H6267 tool holder gives the handpiece a safe grip during breaks in work. It is designed for the APS stand and holds the AP250 manual-feed soldering iron. Turning the knob adjusts the position to the workstation.

BENEFITS

- Safe grip for the AP250 manual-feed soldering iron when parked
- Metal top detects the tool and activates sleep and hibernation modes
- Intelligent heat management extends tip life up to five times
- Position adjustable by turning the knob
